ReDI School of Digital Integration

CERTIFICATE OF PARTICIPATION

This certificate is awarded to

Md Shahabub Alam

for successful completion of

Data Circle

OUTLINE:

The Data Circle to build hands-on, teamwork-style Data and Python-based projects. The project will last for a full semester with a team of learners and the support of professional Guides working in an agile way. Skills are enhanced toward a career in Data Analytics, Data Science, or Machine Learning Engineering.

CONTENTS:

The student has completed one of the two project options (Stack Overflow project or Twitter project), both which utilized skills in the following:

- Data Analytics and Machine Learning concepts
- Data Visualization with various libraries
- Testing and debugging
- Kanban boards, project management
- Agile and scrum workflows
- Code reviews, clean code and documentation
- Teamwork, collaboration and communication skills
- Storytelling and presentation skills

This course was held for a period of 52 hours from 02/09/2024 to 11/12/2024.

Berlin, 08/01/2025
