

CERTIFICATE OF PARTICIPATION

This certificate is awarded to

Md Shahabub Alam

for successful completion of

IT Infrastructure Foundations

OUTLINE:

During the 14-week Infrastructure Basics course, students explored how modern IT systems work behind the scenes. They learned key concepts in networking, cloud computing, and workplace technologies, building a strong foundation for careers in tech infrastructure.

CONTENTS:

The course included the following areas:

- Network Fundamentals: Learning how networks work, including IP addresses, routing, and DNS.
- Cloud Infrastructure: Understanding data centers, virtualization, and Infrastructure as a Service (IaaS).
- Workplace Tools: Exploring modern digital workplaces with Windows 10, Microsoft Azure, and Office 365.
- Career Preparation: Creating a LinkedIn profile, CV, and preparing for job applications and interviews.

This course was held for a period of 52 hours from 08/09/2025 to 12/12/2025.

Berlin, 15/12/2025
